

Professional Summary

Passionate and detail-oriented Web Developer with a strong foundation in building responsive and user-friendly web applications. Proficient in modern frontend technologies including React.js, JavaScript (ES6+), HTML5, CSS3, SCSS, Next.js, Redux, and Git, as well as backend technologies such as Node.js, Express.js, and MongoDB. Committed to delivering pixel-perfect UIs, writing clean and maintainable code, and collaborating effectively in Agile environments.

Technical Skills

- **Frontend Technologies:** HTML5, CSS3, SCSS, Tailwind, Bootstrap
- **Backend Technologies:** NodeJS, ExpressJS
- **Languages:** JavaScript, Typescript, PHP
- **Database:** MongoDB, MySQL
- **Libraries/Frameworks:** React.js, Next.js, CodeIgniter
- **Tools & Platforms:** Git, VS Code, C Panel
- **State Management:** Redux, Context API
- **Others:** Responsive Web Design, REST APIs, PostMan

Professional Experience

Web Developer

Feb 2026 – Current

Indian Institute of Management through UDS - Tiruchirappalli, TN.

- Developed and maintained full-stack web applications using React.js and PHP CodeIgniter.
- Realworld ERP system and Finance based Applications

MERN Stack Developer

Sep 2025 – Jan 2026

Techcmantix - Tiruchirappalli, TN.

- Developed and maintained full-stack web applications using React.js, Node.js, Express.js, MongoDB, and SCSS.
- Implemented real-time end-to-end chat functionality using Socket.IO, enabling live messaging and improved user interaction.
- Built scalable solutions for school management systems, admin dashboards, e-commerce platforms, and learning management systems.
- Leveraged Next.js for server-side rendering (SSR), routing, and performance optimization.

- Optimized application performance by improving component rendering, state management, and image loading.
- Collaborated with UI/UX designers and backend teams to deliver clean, intuitive, and user-centric experiences.

Frontend Developer

April 2024 – July 2025

Izome Learning - Chennai, TN.

- Developed and maintained dynamic, responsive websites using React.js and SCSS.
- Worked on projects like school websites, admin dashboards, e-commerce platforms, and learning platforms.
- Collaborated closely with backend developers and designers to implement clean, user-centric UI/UX.
- Utilized Git for version control and Next.js for performance optimization and server-side rendering.
- Improved page speed by optimizing component rendering and image handling.
- Collaborated closely with design and backend teams to ensure smooth delivery and deployment of projects.

Software Developer

June 2023 – March 2024

CRUD Operations - Chennai, TN.

- Built interactive components and layouts for education-based web applications.
- Participated in daily stand-ups, sprint planning, and code reviews in an Agile workflow.
- Enhanced UI consistency and implemented reusable components using React and CSS modules.

Education

BE - Computer Science and Engineering,

8.15 CGPA

Mookambigai College of Engineering, Pudukottai, TN.

2019 - 2023

Projects

Dental Care Website

- Developed a responsive dental care website featuring detailed service offerings, staff profiles, and a contact form. Configured form submissions to send inquiries directly to the hospital's email for efficient lead capture and communication.

School Admin Panel

- Built modular dashboard components for managing student data, attendance tracking, and user role assignments. Ensured smooth administrative workflows with a clean and responsive interface.

School Website

- Designed and developed a modern, responsive school website with interactive 3D models, flipbooks, and animations to enhance engagement for both students and parents. Focused on an intuitive user experience and aesthetic appeal.

Interactive Web Worksheets

- Engineered interactive educational worksheets including drag-and-drop activities, matching exercises, arithmetic problem sets, and Venn diagram visual tools. These dynamic tools support student learning through hands-on digital experiences.

School Management System – Admin Panel

- Created a comprehensive admin panel for school staff to upload and manage resources such as question papers, lesson plans, quizzes, assignments, and assessments. Implemented robust features for student and staff management, including role creation, attendance tracking, fee management, grade assignments, and curriculum mapping. Enabled seamless student access through a dedicated student admin interface.
